ECOTOX Portable Single Gas Detector (Oxygen (O2), 0–25 Vol%, 1225302 A/I)

Product reference	
Part No.	1225302 A/I
Manufacturer	Consilium / Salwico
Model	ECOTOX

sales@maxonemarine.com

Product overview

ECOTOX portable single gas detector for Oxygen (O2), measuring 0–25 Vol%, ordered as 1225302 A/I. Original manufacturer image for the stated gas family. Exact alarm settings and A/I/F functions follow the complete Part No.; the CO image does not independently identify the LHS sensor option. Printed certification wording is historical; current validity has not been verified.

Technical specifications

Part no.	1225302 A/I	Weight	Approximately 100 g
Model	ECOTOX	Housing	PC and TPU
Product type	Portable single gas detector	Measuring principle	Electrochemical sensor
Compatible systems	GS5000; SW3020; CS1; BuControl; BuTouv.	Battery	Lithium
Gas type	Oxygen (O2)	Storage temperature	0 °C to +20 °C
Measuring range	0–25 Vol%	Display	LC display: alarm values, remaining lifetime and status
Low alarm	19.5 Vol%	Alarm settings	Two settings: low and high alarm
High alarm	22.5 Vol%	Alarms	Buzzer >90 dB at 30 cm; red flashing LEDs and display; vibration
Operating temperature	-20 °C to +55 °C	Mounting	Heavy-duty crocodile carrying clip
Relative humidity	15–90% RH, non-condensing	CE marking	Printed ATEX Directive 2018/34/EU and EMC Directive 2014/30/EU; source wording retained, current conformity not verified.
Version	A: Read-out current value during alarm status; I: On / Off function, in case the detector is not used it can be switched off	Manufacturer	Consilium Safety Netherlands B.V.
Life time	24 months at 5 minutes alarm per day	ATEX approval	ATEX II 2 G Ex ia IIC T4 Gb
Operation	Continuous after activation; On/Off is ordering option I	IECEx approval	IECEx Ex ia IIC T4 Gb
Dimensions	82 × 56 × 42 mm	Manufacturer test-gas catalogue (separate items)	9990522: CO detector test gas, 100 ppm CO in air; 9990507: H2S detector, 10 ppm alarm, 25 ppm H2S in N2; 9990524: N2 test gas for O2 detector; 9990540: H2S detector, 1.6 ppm alarm, 10 ppm H2S in N2. Gas-specific test gases are separate items.
