Industrial Compact S Fire Alarm Cabinet

Product reference	
Part No.	5100167-00A
Manufacturer	Consilium / Salwico
Model	Industrial Compact S

Product overview

Slim wall-mounted industrial cabinet for Consilium / Salwico TERRA FIRE systems, with space for one Control Panel M 4.3 and a locked document compartment.

Key features

- SS3654 keys and the separately printed SS36534 fire-brigade service tool are retained as distinct source items.
- The source 503 diagram is preserved as a drawing reference and is not interpreted as another dimensional claim.
- Historical CPD/MED wording in the source is retained as source wording only and does not establish current certification.

Installation & compatibility

- It uses five M8 back-plate mounting points, including two keyholes, and five M20 cable-inlet glands.
- The cabinet is IP30; IP65 applies only to the cable inlet.
